WELCOME TO
ONESITE GROUP

Since OneSite Group started in 2008, we have forged ahead, often during challenging times, and grown into the premium supplier of specialist building products to the construction industry in Norfolk, Suffolk, Essex and Cambridgeshire.

Although we started out specialising in Lintels, Underground Drainage and Brick Related Products, our stock has increased hugely over the years with over 20 ranges and 3,000 product lines in stock today!

NEXT-DAY DELIVERY ON ALL ORDERS PLACED UP TO 4:30PM

Our mission is to provide builders with increasing productivity and peace of mind by delivering the best service in every transaction. We are committed to making every stakeholder feel valued and cared for.

With over 60 years of combined experience in the building industry, our team at OneSite Group will always insist on fast, simple and better solutions for your site.

Our values, including Honesty, Righteousness, Care, Continuous Improvement and Community Support have built a team culture that is customer focused and understands exactly what you need.

OneSite Group understands that delivery is paramount to you. Key Performance Indicators are set in order to eliminate errors on dispatch and delivery in our relentless drive for 100% deliveries in full and on time, minimising downtime on site and giving you increased peace of mind.

OUR DELIVERY SERVICE

- All orders for stock products placed up to 4:30pm will be delivered the next working day.
- All orders over £50 are delivered FREE anywhere in Suffolk, Norfolk, Essex and Cambridgeshire.
- Orders under £50 are subject to a £10 delivery charge.
- With an extensive fleet of trucks, most of our deliveries are made using our own vehicles to ensure goods are delivered carefully and exactly where they are needed.

Our bustling Trade Counter is open Monday to Friday 6:30am to 4:30pm. Please visit us to discuss your project and enjoy a free hot drink on us! Find us at Unit 9, Cooke Road, South Lowestoft Industrial Estate, Lowestoft, NR33 7NA.

DOING BUSINESS

PAYMENT TERMS

Cash – One-off requirements.

If your requirement is a one-off or you rarely purchase materials or building products, you can pay for your goods upfront, either by cash, card or bank transfer.

Cash Account – Know where you stand.

This facility is for customers who have regular material requirements and wish to receive trade discounts, special offers and extra support.

30 Day Credit Account – Very convenient.

Opening a Credit Account is straightforward and provides a solution to trade customers with a medium to high trading requirement. Statements are issued monthly and credit terms are strictly 30 days.

RETURNS POLICY

Stock items may be returned within 30 days of purchase provided that: 1. They are in original condition; 2. They are still in original packaging; 3. A copy of invoice or invoice number is given. A 20% handling charge will apply to all goods returned.

Goods returned to our Trade Counter by the customer will be subject to a 10% re-stocking charge.

All special order goods are non-refundable. Please note that our delivery drivers are not authorised to collect goods, unless with an official returns document.

Please see pages 258-261 for our full terms & conditions and privacy policy.

STEP UP IN COMFORT

THE INNOVATION IN IGS

The IGS sole has been designed to answer a major concern for employers – sickness and staff welfare issues caused by slips, trips and falls, the most common workplace injuries. What's more, this innovation has been endorsed by national and international safety accreditations.

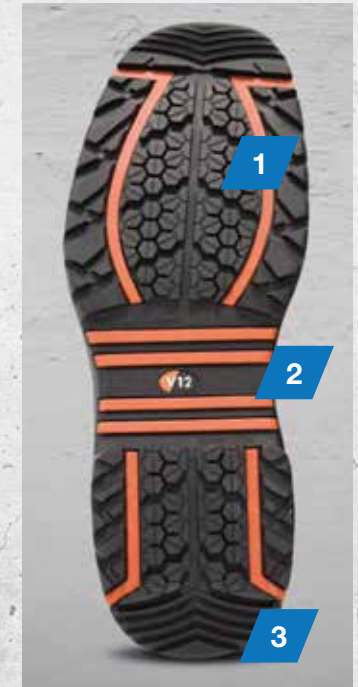

THE ONLY MULTI-PURPOSE SOLE WITH A 4 STAR GRIP RATING

Most multi-purpose safety boots boast a 2 Star GRIP Rating at very best. With the Bison Boot's IGS sole we can now offer a 4 Star GRIP Rating – the only multi-use sole that can offer such comfort on the market.

1

HEX PATTERN

FOR WATER DISPERSAL

We designed our hex grip pattern to cut through water and quickly channel it away, ensuring wearers are always in contact with the ground and avoid slipping up even in the wettest conditions.

2

LADDER GRIPS

GRIP WHEN WORKING AT HEIGHT

Falls from height account for more than a quarter of all fatal injuries in the workplace. This is why the IGS has a deep ladder grip that complies with Fire-fighter boot standards EN 15090:2012, which is over and above safety boot requirements.

3

7° HEEL STRIKE

SLIP PREVENTION AND BRAKING

Slips are most likely to happen when the heel is placed down to make a new step, which is why we have designed the heel strike at 7°, the angle at which most slips occur. Angled splines provide increased contact with the ground, effortlessly cutting through water or dirt at every step.

TASK LIGHT 38W

Lightweight with a traditional fluorescent light, giving a cool light to eliminate fire and burn risk (110V IP44 Fire Rated).

CODE	DESCRIPTION	UNIT	PRICE EACH

CHANNEL DRAIN

POLYPROPYLENE A15

1.5T load rating. Ideal for garage thresholds, patios and driveways. Black plastic base and mesh grate, including an optional knockout on the base for vertical outlet, easy to remove and clean 'snap-lock' grate, and quick installation with push-fit channel-to-channel connections.

PRICE PER						
CODE	DESCRIPTION	UNIT	1+	5+	10+	20+
14CDPA	1m	Each	£10.59	£9.76	£8.37	£7.48
14CDPEC	End Cap/Outlet (Pair)		£4.27	£3.99		£3.40
14CDPQ	Quad Corner	Each	£18.73			

POLYMER CONCRETE A15

1.5T load rating. Ideal for garage thresholds, patios and driveways. Polymer concrete base and slotted galvanised grate, including an optional knockout on the base for vertical outlet, easy to remove and clean 'snap-lock' grate, and quick installation with push-fit channel-to-channel connections.

PRICE PER

POLYPROPYLENE BLOCK SLOT B125

12.5T rating if installed in block paving, or 25T rating if installed in concrete to manufacturer's guidelines. Leaves only a 10mm slot visible after installation, ideal for threshold drainage and landscaping.

PRICE PER					
CODE	DESCRIPTION	UNIT	1+	5+	20+
14CDBPB	1m	Each	£13.64	£11.26	£10.20
14CDBPEC	End Cap	Each	£4.27		

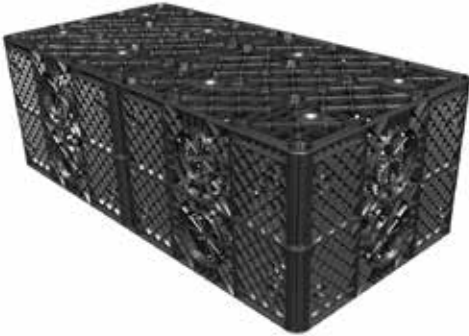

THRESHOLD CHANNEL DRAIN

Ideal for patios, driveways and other light applications. Eliminates the need to dig trenches, or provide deep excavations, keeping installation as simple as possible. Can also act as an effective expansion joint, or be used as a screed rail in the final pour. 'Clean out' panels enable rapid removal of any dirt or silt. Overall dimensions: 38Wx80D.

		Pre-formed corner cloaks also available to order if required (site dimensions required)	= units

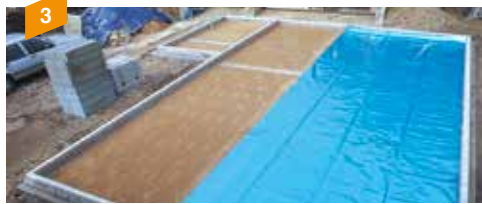

*Round up number of rolls if required

Ensure Visqueen Gas Barrier is laid on a flat, clean surface, clear of any debris.

Carefully unroll the membrane.

Ensure that the membrane is not damaged during the unfolding process.

Visqueen Pre-welded membrane will fit exactly to the footprint dimensions.

All penetrations must be sealed on site.

Seal the top hat to the pipe and the gas barrier using Visqueen Double Sided Jointing Tape.

Remember 150mm overlap and butyl double sided joint tape in between layers and foil tape to seal down the flap.

Seal Visqueen Gas Barrier to Visqueen Gas Resistant DPC using the Visqueen Gas Resistant Jointing System.

The gas protection system is now installed with the minimum laps formed on site.

SPECIAL WALL TIES

All special ties available for delivery in 2-4 working days. Call 01502 533999 for more information.

TWO PART TIES

Vertical head restraint, twice holed to accommodate 100 or 140mm walls.

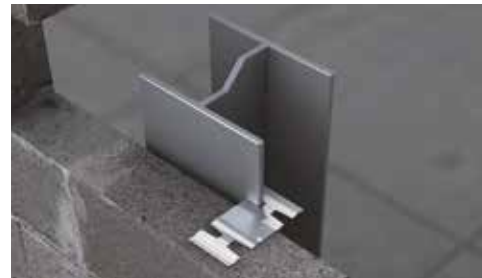

DOVETAIL SLOT

Cast in dovetail slot, prefilled with polystyrene to be used in conjunction with ties to restrain brickwork. Sold in 3m lengths, or 100mm and 150mm short pieces.

DOVETAIL SAFETY TIE

Universal head enables this tie to be used with all V60 channel systems. Sizes range from 75mm to 300mm.

COLUMN TIE

A simple and cost-effective product for restraining masonry to 'I' Section steels. Complete with different slots to suit different flanges. Size 145mm.

INTERNAL HEAD RESTRAINT

This VIR head restraint is designed to resist lateral movements in wall heads, restraining them to structural soffits whilst allowing vertical movement. Size 215mm.

28/15 PLAIN BACK CHANNEL

28/15 channel for surface fixing ie welding. Also to be used in conjunction with ties to restrain brickwork. Sold in 3m lengths, or 100mm and 150mm short pieces.

HEAD RESTRAINT

Two part tie allows larger cavities to be spanned, from 150mm to 300mm wide.

WELDED B STEM

Offset head where there is no fixing directly above. Heavy-duty.

BENT C STEM

Used as a soffit fixed head restraint. Light duty, fixed in line with cavity below.

TWISTED D STEM

Used as a soffit fixed head restraint. Light duty, twisted head allows for fixing a right angle to cavity.

TWISTED F STEM

Used as a side fixed head restraint. Light duty, and stepped to bring into centre of cavity.

ONE-WAY TWO-WAY

To be used with sliding anchor systems. Sizes 115, 135, 200, 230mm.

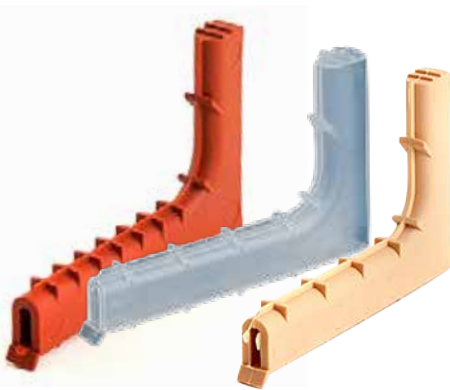

CALL 01502 533999 TO PLACE YOUR ORDER NOW >

FOR HESSIAN < GO TO PAGE 120

HESSIAN FABRIC IS USED TO PROTECT NEW BRICKWORK / BLOCKWORK AGAINST FROST, HEAVY RAIN AND STRONG SUNLIGHT.

ACCELERATOR & FROSTPROOFER

A double action frost-proofer and entraining mortar admixture. Improves workability and increases resistance to frost. Chloride-free for use with steel-reinforced concrete.

PRICE PER						
CODE	DESCRIPTION	UNIT	1+	4+	8+	12+
04AFP5	5L	Each	£7.16	£5.96	£4.95	£4.52

FEBMIX DH MORTAR POWDER SACHETS

Powdered mortar plasticiser and air-entraining agent. Improves workability, adhesion and durability of mortar and minimises cracking and crazing. Sachets prevent overdosing.

PRICE PER				
CODE	UNIT	1+	3+	5+
04MPS250	Pk250	£33.92	£27.73	£25.41

LIQUID MORTAR TONE

Gives permanent, lightfast, lime-resistant colours for concrete, mortar, render and screed. Does not affect performance of mix. Range of colours available to order.

PRICE PER					
CODE	DESCRIPTION	UNIT	1+	6+	12+
04MDLBK1	1L Black	Each	£6.33	£5.15	£4.68

1. SBR BONDING AGENT

Specially modified co-polymer latex for cement and mortar. Toughens floors and screeds, or can be applied as a bonding agent before plastering or screeding. Unit: Each.

PRICE PER					
CODE	DESCRIPTION	1+	4+	8+	12+
04SBR5	5L	£15.64	£13.22	£11.24	£10.58

2. ACID BRICK CLEANER

A strong, acid-based cleaner for trade use. Removes mortar stains and limescale. Apply by brush or spray. Unit: Each.

PRICE PER					
CODE	DESCRIPTION	1+	4+	8+	12+
04ABC5	5L	£6.33	£5.07	£4.30	£3.90

SELF LEVELLING FLOORING COMPOUND

Self-levelling compound is a cement based product for levelling uneven floors and can be overlaid in 8 hours. Floor-flex is a rubber based additive to provide strength and flexibility. 5L is suitable for 20kg of compound.

PRICE PER				
CODE	DESCRIPTION	UNIT	1+	10+
04SLC20	20kg	Each	£8.07	£6.89

NON-SHRINKABLE GROUT

Non-shrink cementitious grout, designed primarily as a pourable grout but can also be used at a plastic or dry pack consistency. Ideal for packing beneath steel base plates and general void filling under paving, in rubble walls, etc. Approximate yield: 14L when combined with 4L of water. Full technical information available on request.

PRICE PER				
CODE	DESCRIPTION	UNIT	1+	5+ 10+ 20+
04NSG25	25kg	Each	£10.57	£8.87 £7.25 £6.33

FLOOR FLEX PLUS LATEX

Premium rubber-based latex additive for use with Self-levelling Flooring Compound and powder tile adhesives. Both strengthen the mix and provide a limited degree of movement capability in the subfloor. Ideal for use when covering sound timber floors. 5L is sufficient for 20kg Self-Levelling Flooring Compound or adhesive.

CODE	DESCRIPTION	UNIT	PRICE EACH
04FFP5	5L	Each	£8.91

SILICONE SPRAY

A dry silicone lubricant and mould release agent.

PRICE PER				
CODE	DESCRIPTION	UNIT	1+	6+ 12+
04SS	400ml	Each	£3.82	£3.27 £2.73

1. STRIKE RELEASE OIL

A release agent to enable concrete shuttering to be removed easily, leaving the edge of the concrete structure clean and well formed.

PRICE PER				
CODE	DESCRIPTION	UNIT	1+	4+ 8+ 12+
04SRO5	5L	Each	£13.36	£11.73 £10.66 £10.05

2. TRIPLE ACTION WOOD TREATMENT

Kills, Protects, Preserves. Specially designed to deeply penetrate all wood and joinery, giving lasting protection from damage caused by wet rot, dry rot, fungi and wood-boring insects/larvae.

CODE	DESCRIPTION	UNIT	PRICE EACH
04WT5	5L	Each	£24.91

WINDPOST SYSTEMS & DESIGN

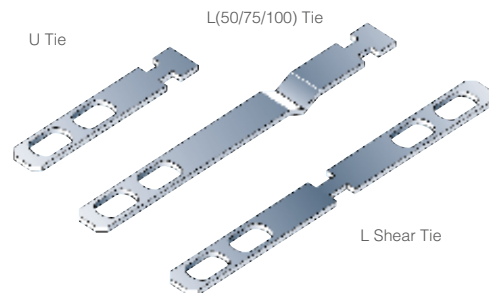

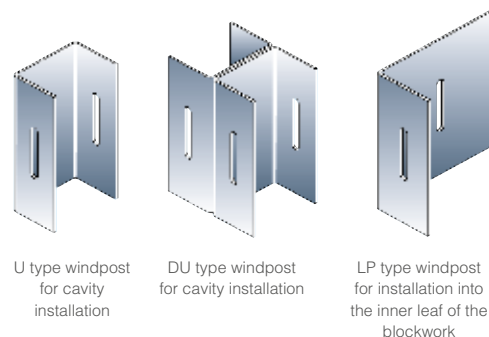

IG Windposts span vertically between floors to provide additional lateral support for large panels of brickwork or large panels with openings. It is often difficult to provide suitable justification that masonry walls have lateral stiffness and therefore construction would traditionally be strengthened by the addition of thicker walls or by including columns, to effectively shorten the span of the masonry panel.

IG manufacture three types of windpost. The U Windpost is installed within the cavity and will normally span between floor structures, with the same principle applying to the DU Windpost. Both designs leave the inner leaf of the cavity wall undisturbed. The LP Windpost is designed to be built into the inner skin of the cavity wall and normally span between floor structures.

WINDPOST DESIGN

IG Windposts are manufactured from grade 304 stainless steel (grade 316 is available if required). The IG Technical Team will provide full product specification and schedules.

All three Windpost designs are available in shorter lengths to provide the same level of stability to parapets or below windows, commonly termed Parapet or Spandrel Posts respectively. These posts are designed as cantilevers.

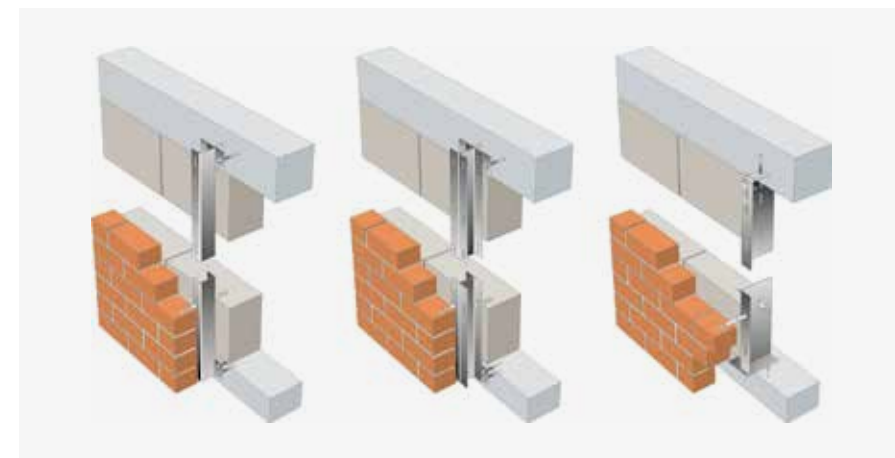

All IG Windposts are supplied with specifically designed base and upper connections and fixings. They are also supplied with a suitable number of wall-ties which will vary in relation to the post type used and the cavity width. There are five types:

1. U Tie – For use with U & DU Windposts.
2. L50 Tie – For use with LP Windposts (50mm cavity).
3. L75 Tie – For use with LP Windposts (75mm cavity).
4. L100 Tie – For use with LP Windposts (100mm cavity).
5. L Shear Tie – For use with LP Windposts.

L Shear Tie can be supplied with a de-bonding sleeve if the windpost is positioned at a vertical movement joint.

WINDPOST TYPES

Diagrams show a typical wall construction at intermediate floor level showing the three IG Windpost types bolted to a concrete building frame.

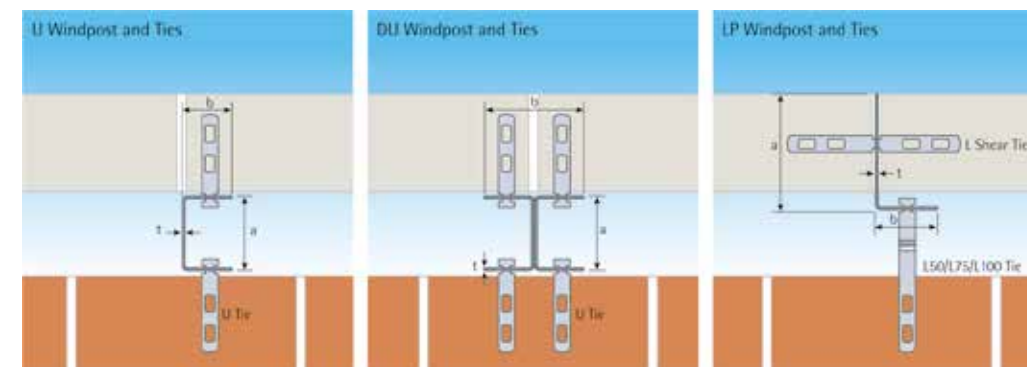

WINDPOST LOADINGS

The loadings quoted for the windposts are derived from an allowable stress value of 181N/mm² and a deflection limit of span/360 (the lesser of the two resultant figures is used as the quoted figure).

Please note the quoted loadings are working/characteristic loads.

PROPORTIONS AND PERFORMANCE OF U, DU AND LP WINDPOSTS

Windposts can be made to order at various sizes on a project basis. Post taken as a simply supported beam. SWL's quoted are assuming adequate base and top fixing to concrete. For other substrates please contact the OneSite Sales Team.

IG Windpost profiles and dimensions.

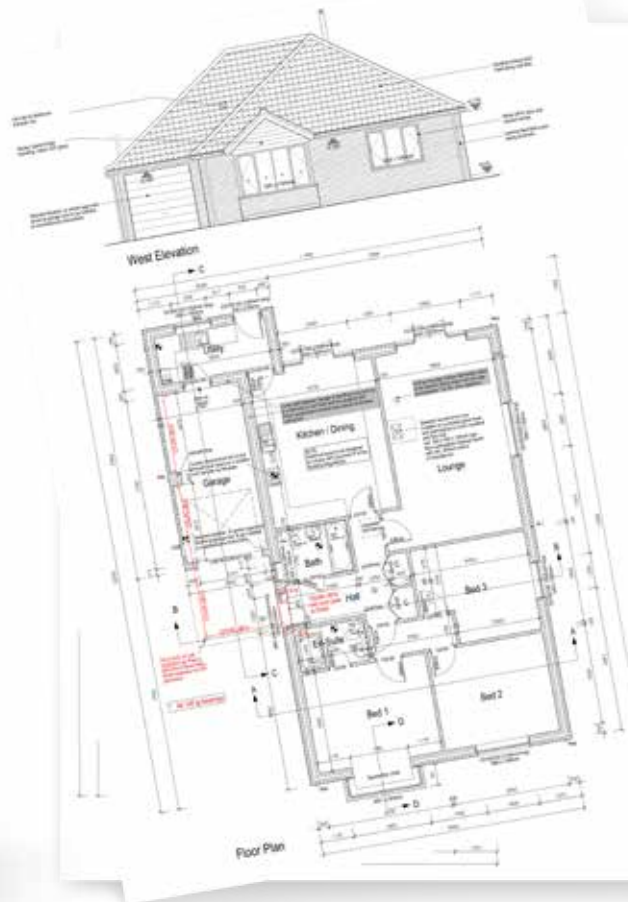

ONESITE GROUP STRUCTURAL STEEL

Our in-house Project Managers and Fabrication Team are passionate about accuracy, giving you peace of mind that your steel is delivered correctly and on-time.

Send our team your plans and structural calculations for a quotation!

TO DISCUSS YOUR
PROJECT REQUIREMENTS

WHY CHOOSE ONESITE GROUP FOR YOUR STRUCTURAL STEEL REQUIREMENTS?

**QUICK
QUOTES**

- ✓ Just send us your plans and structural calculations to receive a clear itemised quote fast!

**SITE
SURVEYS**

- ✓ Our Project Managers can visit your site to assist you with measurements and discuss the details of your project.

**FAST
FLEXIBLE
DELIVERY**

- ✓ With our quick delivery service we will fit into your site programme.
- ✓ The delivery date can be decided ahead of fabrication to make your programme easy.

**PROJECT
MANAGERS**

- ✓ Once you have placed your order one of our Project Managers will work with you throughout the project.

This will give you one point of contact who knows all about your project and can liaise with your Structural Engineer as required.

**FULL
PACKAGE**

- ✓ Our steel comes with all steel-to-steel fixings.
- ✓ We can also supply all the related fixings as well as Mag Drills, Genie Lifts and Acrow Props to make your installation easy.

THE ONESITE SUPPORT PACKAGE

RECEIVE ALL OF THE FOLLOWING WITH THE ONESITE SUPPORT PACKAGE

- Extensive range of steel lintels and structural supports
- Individual design service on full range of lintels
- On-site technical assistance and measurement
- Free scheduling and specification service
- Structural performance calculations
- Comprehensive product literature
- Largest stocks in the area

**FREE SCHEDULE
TAKEN FROM
YOUR DRAWINGS**

IG BRICK FEATURE LINTEL BENEFITS:

- Customise to your requirements
- Precision cut bricks
- Load bearing lintel
- Lightweight for fast build programmes
- Optional brick-clad soffit
- Optional centre stone feature
- Optional insulation

**CUSTOM
MADE TO
YOUR ORDER**

CLASSIC C2 POZI CSK PREMIUM SCREW

Advanced high-performance wood screw. Patented twin cut point technology for faster 'pick-up' and reduced torque, resulting in up to 43% faster insertion than a standard woodscrew. Countersinking ribs under the head help the screw to properly countersink into even the hardest timbers. Ideal for use in hardwood, softwood, MDF, thin sheet metal, PVC and chipboard. 5 FREE PZ2 impact bits in every tub!

RUBBER BLADE MIXING PADDLE

A must-have for any plasterer! Rubber is easier to clean and has a significantly longer lifetime than standard mixers, but prevents damage to buckets caused by metal mixers. Edge-to-edge mixing motion means no need to stop and stir, reducing mixing time significantly. For use with plaster only, not render. Available with M14 or Hex shank.

CODE	DESCRIPTION	UNIT	PRICE EACH
12PADRH	10mm Hex	Each	£25.05
12PADRM	M14	Each	£29.50

TERMS & CONDITIONS

1. INTERPRETATION

- (a) In these Conditions 'OneSite' means OneSite Building Products Ltd or any subsidiary company or agent authorised by them and 'the Purchaser' means the person or persons, firm or company purchasing from or doing business with OneSite.
- (b) 'The Goods' means all products supplied by OneSite to the Purchaser, whether by means of sale, hire or otherwise, and whether distributed by OneSite or as agents for another.

2. GENERAL

- (a) These Conditions of Sale should be read in conjunction with any Special Conditions included in OneSite's quotations.
- (b) OneSite reserves the right to accept or refuse any order given. In the event of the refusal of any order, no damages or expenses of any kind shall be payable by OneSite.
- (c) OneSite shall in no event be liable for any inaccuracy or misdescription of the Goods, or for any direct or consequential loss or damage resulting from it. This includes loss or damage as a result of any defect in the Goods (despite any written, oral or implied representation, warranty or conditions that may have been made or given at any point before or during the making or purporting to be part of the agreement for sale). OneSite shall in no event be liable for fundamental breach of the agreement for sale.
- (d) In purchasing the Goods from OneSite on these Conditions, the Purchaser is deemed to acknowledge that they do not rely upon the skill or judgement of OneSite or its employees or agents as to matters connected with the Goods.
- (e) The Purchaser shall be responsible for providing any guard or protection necessary to comply with any statutory requirements in connection with the operation or installation of any of the Goods or machinery supplied by OneSite.
- (f) Any complaints about the Goods supplied shall only be entertained by OneSite if made within 48 hours of delivery.
- (g) Credit will only be given for Goods returned if:
 - i. The Goods are a stock item at OneSite;
 - ii. The Goods are in resalable condition;
 - iii. The Goods are returned within 28 days of delivery;
 - iv. Advice Note or Invoice Number is quoted, and;
 - v. OneSite has issued a Collection Note for the Goods.
- (h) OneSite reserves the right to deduct a percentage from the original cost any Goods returned when crediting, as follows:
 - i. 10% when Goods are returned by the Purchaser to OneSite's premises.
 - ii. 20% when Goods are collected by OneSite.
- (i) All samples will be charged at the current rate and are non-returnable.
- (j) Cancellation of non-stock or purpose-made Goods cannot be accepted after the Goods have been manufactured by OneSite's supplier. Non-stock or purpose-made goods cannot be returned.
- (k) All samples will be charged at the current rate and are non-returnable.
- (l) Cancellation of non-stock or purpose-made Goods cannot be accepted after the Goods have been manufactured by OneSite's supplier. Non-stock or purpose-made goods cannot be returned.

3. PAYMENT

- (a) Unless terms are agreed otherwise (in writing), all sums become due and payable under these Conditions no later than 30 days from the end of invoice month.
- (b) There shall be no payment, for purposes of these Conditions, until any cheque has been cleared.
- (c) Time for payment shall be of the essence.
- (d) OneSite reserves the right to charge interest at the rate of 3% above the base rate from time to time of Santander Bank on all overdue accounts, such interest being deemed to accrue on a day-to-day basis from the due date of payment under paragraph (a) of this Condition.
- (e) The Purchaser shall have no right of set off, statutory or otherwise.
- (f) If the Purchaser (being a company) has a petition presented for its winding-up, or passes a resolution for voluntary winding-up, other than for the purposes of a bona fide amalgamation or reconstruction with its creditors, or has a receiver appointed of all or any part of its assets, or (being an individual) becomes bankrupt or insolvent, or enters into any arrangement with its creditors, or commits a material or serious breach of this Agreement (and in the case of such a breach being remediable, fails to remedy it within 7 days of receiving notice to do so), he will be deemed to have repudiated the Contract.
- (g) OneSite reserves the right at any time at its discretion to demand security for payment before continuing with or delivering any order.

4. RISK AND THE PASSING OF PROPERTY

- (a) Risk in the Goods shall pass to the Purchaser when the Goods are delivered to or collected by the Purchaser or its agent.
- (b) In spite of risk in the Goods passing in accordance with paragraph (a) of this Condition, title in the Goods shall not pass to the Purchaser until one of the following occurs:
 - i. Payment is received by OneSite for the Goods and no other amounts remain outstanding from the Purchaser to OneSite in respect of other Goods supplied by OneSite.
 - ii. The Purchaser sells the Goods in accordance with the provisions of these Conditions, in which case title to the Goods shall be deemed to have passed to the Purchaser immediately prior to delivery of the Goods to the Purchaser's customer.
 - iii. OneSite waives its rights under paragraph (b) of this Condition in respect of specified Goods, whereupon title to the said Goods shall forthwith vest in the Purchaser.
- (c) The Purchaser is licensed by OneSite to use or to agree to the sale of the Goods delivered to the Purchaser, subject to the Conditions set out in paragraph (d) below.
- (d) Until title to the Goods passes:
 - i. The Purchaser will hold the Goods as fiduciary agent and bailee for the Company.
 - ii. The Goods shall be subject to paragraph (c) of this Condition, be kept separate and distinct from all other property of the Purchaser and of third parties and in good and substantial repair and condition, and be stored in such a way as to be clearly identifiable as belonging to OneSite.
 - iii. OneSite may at any time revoke the power of sale and use contained in paragraph of this Condition by notice to the Purchaser if the Purchaser is in default for longer than 14 days in the payment of any sum whatsoever due to OneSite, whether in respect of any of the Goods supplied at any time by it to the Purchaser, or if OneSite has bona fide doubts as to the solvency of the Purchaser.
- (e) The Purchaser's power of sale and use contained in paragraph (c) of this Condition shall automatically cease if the Purchaser has a petition presented for its winding-up or passes a resolution for voluntary winding-up otherwise than for the purpose of a bona fide amalgamation or reconstruction with its creditors, or has a receiver appointed of all or any part of its assets, or becomes bankrupt or insolvent, or enters into any arrangements with creditors, or takes or suffers any similar action in consequence of debts, or carries out or undergoes any analogous act or proceeding under foreign law.
- (f) Upon determination of the Purchaser's power of sale and use pursuant to sub-clause (g) iii. of paragraph (d) of this Condition the Purchaser shall place any Goods in its possession or under its control and unsold at the disposal of OneSite and OneSite shall be entitled to enter upon any premises of the Purchaser for the purpose of removing such goods.

5. DELIVERY

- (a) Delivery will be deemed to have been effected after the Goods leave the premises of OneSite, or as the case may be the premises of the suppliers to OneSite (in circumstances where the Goods are delivered direct from such suppliers).
- (b) Time of delivery is not of the essence.
- (c) OneSite shall not be liable for any loss whatsoever or howsoever arising caused by its non-delivery or by the failure to make Goods ready for collection on the due date.
- (d) OneSite reserves the right to make delivery by instalments and to tender a separate invoice in respect of each instalment.
- (e) When delivery is to be by instalments or OneSite exercises its right to deliver by instalments under paragraph (d) of this Condition or if there be a delay in the delivery of any one or more instalments for whatever reason this will not entitle the Purchaser to treat the Contract as repudiated or to damages.
- (f) Deviations in quantity of the Goods delivered (representing not more than 10% by value) from that stated in these Conditions shall not give the Purchaser any right to reject the Goods or to claim damages and the Purchaser shall be obliged to accept and pay at the Contract rate for the quantity of the Goods delivered.
- (g) OneSite reserves the right to make a delivery charge according to the circumstances of each order. Deliveries of £50.00 nett goods value (not including Value Added Tax) and over are carriage paid within OneSite's normal delivery area. OneSite reserves the right to change this delivery area at any time without notification to the Purchaser. Under £50.00 a surcharge of £10.00 will be applied.
- (h) Shortages must be notified to OneSite within 48 hours of delivery.
- (i) Any orders placed before 4:30pm for products OneSite designates to hold in stock at its premises, are available for delivery the following working day (Monday to Friday, inclusive). All other orders are subject to availability as specified by OneSite at its discretion.

6. INDEMNITY

OneSite shall not be liable for any consequential loss of any description incurred by the Purchaser as a result of any failure or fault in the Goods, or for any damages or personal injuries or other losses, howsoever they are caused directly or indirectly by the Goods.

7. PRICES

Goods will be invoiced at prices ruling at date of despatch unless agreed in writing between the parties.

PRIVACY POLICY

At OneSite we understand your requirement for personal information to be respected, safeguarded and used in the correct manner. As such, we are committed to collecting and handling personal information responsibly and securely and in accordance with this Privacy Policy, which explains how OneSite will collect and use your personal information.

1. WHAT PERSONAL INFORMATION WE COLLECT AND STORE, AND HOW WE USE IT

Whether a customer of our products, an end-user or a supplier, we are likely to collect a limited amount of personal data to enable us to provide a quality customer experience, fulfil contractual obligations and respond to your requests, as well as for other legitimate reasons such as news, product updates and offers.

You may provide personal information to OneSite when you contact us via email, mail, telephone, social media, face to face, on our premises or through events and exhibitions. We may also ask for your personal information through forms on our website, forms we send to you via email or mail and in some instances, we may ask you to provide consent to store and process your personal information.

The table below outlines the personal information we will collect and store, why we need it and what we use your personal information for.

TRADE CUSTOMERS

PERSONAL INFORMATION THAT MAY BE COLLECTED	WHY WE NEED IT AND WHAT IT'S USED FOR
<ul style="list-style-type: none">NameCompany NameEmailTelephone NumberAddressDate of Birth	<p>This personal information will be collected and stored to;</p> <ul style="list-style-type: none">Fulfil contractual obligations, such as processing and delivering orders, responding to requests, enquiries, and complaints and provide services requested by you.Deliver relevant news, product updates, surveys and promotions within our legitimate interests which we think will be of interest to you.If you have provided consent, we may store and process your date of birth to provide timely birthday messages, gifts or offers.

END USERS

2. HOW WE SAFEGUARD YOUR PERSONAL INFORMATION AND HOW LONG WE KEEP IT

OneSite recognises our responsibility to keep your personal information secure and are committed to ensuring your information is safeguarded and only stored for as long as required.

All of OneSite's data is securely stored in a central location. Your personal information can only be accessed by those authorised to do so and we ensure unauthorised access or disclosure of your personal information does not occur.

We will only keep your information for as long as necessary in relation to the purpose it was originally collected/processed, although we may keep your data for longer if required for legal or regulatory reasons.

3. WHO YOUR PERSONAL INFORMATION IS SHARED WITH

We may share your personal information with other businesses or organisations for the purposes of fulfilling our contractual obligations, legitimate interests or requests, queries or services requested by you, or otherwise where you have provided consent for us to do so. Examples of such businesses or organisations we may share your personal information with include:

- Couriers
- Marketing services
- Postal fulfilment services
- CRM services
- Cloud and Data Storage providers
- Social Media Companies
- Suppliers
- Payment services
- Accountants and Auditors
- Regulators and authorities

We will not share, rent, sell or trade your personal information with other companies and businesses for their own marketing purposes.

4. COOKIES

OneSite website may use cookies to monitor your behaviour when browsing the sites. This includes analytics for advertising and traffic statistics which we monitor to help us improve your experience on the website. We do not use this data to personalise website content specific to your behavioural patterns and the data is not personally identifiable. If you prefer, you can modify your browser settings to decline cookies.

5. HOW TO ACCESS, UPDATE, AMEND OR REMOVE YOUR PERSONAL INFORMATION

We do not currently provide a facility to manually access, update, amend or remove your personal information. However, you can request access to your information in the form of a copy of all the personal information we store on you via phone, email or mail at any time. Similarly, you can update your personal information or request an amendment or erasure at any time via phone, email or mail.

Your request to access, update, rectify or erase your personal information stored by us will be fulfilled within one month.

If you previously provided consent for us to store and process your personal information, you can withdraw your consent for some or all processing of your personal data at any time via phone, email or mail. Additionally, all our marketing communications will provide a clear and simple way for you to opt-out and withdraw your consent.

To request access, rectification or erasure of your personal information, or to withdraw consent, you can:

- Call us: 01502 533999
- Email us: sales@onesitegroup.com
- Post to: OneSite Group, Unit 9, Cooke Road, South Lowestoft Ind Estate, Lowestoft, Suffolk, NR33 7NA

6. YOUR RIGHTS

Under European Data Protection and privacy regulations you have certain rights regarding your personal information, which are:

- The right to be informed
- The right of access
- The right to rectification
- The right to erasure
- The right to restrict processing
- The right to data portability
- The right to object
- Rights in relation to automated decision making and profiling.

7. CHANGES TO OUR PRIVACY POLICY

Any changes to our Privacy Policy will be posted on our website: www.onesitegroup.com
