9th January 2026

Re: Price Adjustment Effective April 1st 2026

Dear Customer

As you are aware, the industry continues to face significant cost pressures. In particular, recent changes have resulted in increased employer costs, including:

- A rise in the National Minimum Wage
- Higher contributions to National Insurance
- Increased operational and compliance expenses

Despite these challenges, we remain committed to delivering high-quality products supported by excellent service and technical expertise. To maintain these standards and ensure sustainability, we will be implementing a 5% price increase across all ranges, effective from 1st April 2026.

Your price files will be available from the end of January and Price Lists will be available from early March.

We appreciate your understanding and continued support during this period of adjustment. Our goal is to maintain our competitive edge while continuing to provide the level of service you expect from us.

Yours sincerely

A handwritten signature in cursive script that reads "Chris Dawson".

Chris Dawson
